

The March of the Cow

Model Dairy Building at State Fair--Daily Lectures and Demonstrations.

Hats off to the Cow. Her sons drew the plow through virgin soil. They pulled the emigrant wagon over mountain and across the prairie. Take the old cow and her products out of the game and life is hardly worth living.

Wherever the cow and the dairy are encouraged, bank accounts, profits, good homes, good farms and soil fertility increase. Prof. Oscar Erf, Dairy Dean at Ohio State University, will be in charge of the new Dairy Building at Ohio State Fair, September 1 to 5. This building is now being equipped with the best modern machinery at cost of many hundred dollars. Demonstration work, worth many dollars to dairymen and would-be dairymen, will be given daily. Prof. Erf has a national reputation, and his show at the State Fair will make good wages for all who see it. This building will be a house full of suggestions. Lectures free. adv

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
Address F. J. CHENEY & CO., Toledo, Ohio
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

Baseball, Football, Highballs

Are Popular With Some Folks, But Ohio State Fair Wins the Blue Ribbon.

Christopher Columbus spent the modest sum of \$8,000 to discover America. This was excursion rates. The Ohio State Fair will this year cost 12 times as much as the new world cost. The rising value of this great Exposition is appreciated in many states. Ohio citizens are proud of it. Its marvelous growth is drawing larger crowds every year. The business men and the business farmer appreciate its value most. It teaches lessons in profit and pleasure. Reports indicate that thousands will come this year who have never done so before. "Going to Ohio State Fair, is a money making trip for me." This was the remark of a man who lives in town but owns a farm. "I find out what kind of live stock is profitable, and what kind of machinery is the cheapest and the best."

Information bureaus will guide all strangers in the city. Good rooms at reasonable price may easily be had.

adv

NEW PETERSBURG.

August 18, 1913.
